Entry to Mid-level Architect:

What do Rapheal Vinoly Architects, Bohlin Cywinski Jackson, I.M. Pei and Partners, Ennead, Moshie Safdie and many more architects have in common? All have used our company to help them build some of the most iconic buildings built in the last 20 years. Would you like to be part of a team that assists some of the most prestigious architectural firms in the world from design to installation?

We are TriPyramid Structures, a design firm specializing in the creation of custom stainless steel and exotic alloy hardware used in many high profile architectural and commercial building projects the world over.

We are looking for entry or mid-level architects to join our team of engineers, architects and manufacturing experts as a design and drafting specialist. Duties would include creation of shop drawing packages for a variety of projects, creation of 3D models of buildings for use in sales works, and general design support.

Prerequisites:

1. Bachelors or Masters in Architecture
2. High-proficiency in the use of AutoCAD, and Solidworks or similar solid modeling software
3. Proficiency in the use of Microsoft Office
4. Knowledge of basic architecture drawing set creation

Additional skills:

1. Proficiency in AutoCAD Revit or similar BIM software

Please send resumes and portfolios to careers@tripyramid.com
