Experienced CNC Machinist (Full-Time):

TriPyramid Structures is a small, privately held, design and manufacturing firm situated in beautiful Westford, MA. We specialize in the creation of custom stainless steel componentry for architecture. An overview our work can be found at our website at <http://www.tripyramid.com>.

We are looking for a motivated individual to fill an immediate opening as a CNC machinist. Job duties include programming, operation and setup of a variety of CNC milling machines. Previous, demonstrated experience is a must.

Requirements:

- 5+ years' experience programming, setting up, and operating precision CNC milling hardware.
- Demonstrated ability to develop and execute fixturing as needed.
- Proficiency in one of the following controllers: Siemens 810D or 840D, Haas 2000+, Fanuc (or compatible), and/or Mazatrol based controllers.
- Good working knowledge of G-code and ability to directly understand and edit programs.
- Ability to work under tight schedules, and well with others.

Recommended, but not necessary:

- Familiarity with CAM programs such as SurfCAM, MasterCAM, Topsolid, Esprit, etc.
- Experience with machining stainless steel and aerospace alloys.

Bonus points for:

- Ability to maintain and troubleshoot problems with CNC machinery and other shop equipment.
- Work with 4- and 5-axis machinery.
- Any experience as a Southern BBQ artist.

To apply for this position, please email careers@tripyramid.com with:

- Name and daytime contact information.
- References to confirm experience, including company (address and phone number), name of immediate supervisor, position held, and any recommendations.
- Salary requirements.
