**Quality Control Technician (Entry Level)**

TriPyramid Structures is a small design-and-manufacturing company situated in Westford, MA. We specialize in the creation of custom stainless steel componentry for architecture, but we also make carbon steel, aluminum and even titanium hardware. You can visit our website, <http://www.tripyramid.com>, to view parts and projects we've completed.

The QC Specialist is a member of our Production Team. Daily tasks will be coordinated with the Director of Production Operations. Job responsibilities include:

- Conducting visual inspection and taking measurements to confirm compliance of materials and manufactured parts.
- Performing and filing detailed Quality Control reports.
- Coordinating with Shipping & Receiving on electronic document filing.

The ideal candidate would have a working knowledge of part drawings and technical documentation typical for mechanical design. A background in mechanical engineering is a huge plus, but not necessary as we will provide on-the-job training.

**Requirements:**

- A high school diploma or GED equivalent is preferred.
- Proficiency with basic computer skills (i.e. Word, Excel).
- Excellent verbal and written communication skills.
- Demonstrated organization skills, including attention to details (especially as related to machined metal components and architectural finishes).

**Preferred, but not necessary:**

- Experience using precision measuring devices (calipers, micrometers, etc.).

**Bonus points for:**

- Experience with AutoCAD and/or Solidworks.
- Experience with JobBOSS web-based management software.

**To apply for this position, please respond to this posting with:**

- Name and daytime contact information.
- At least one reference from previous employment. Include company name, address and phone number, name of immediate supervisor, and position held.
- Salary requirements.

TriPyramid offers generous benefits: 401(k) with company matching, paid holidays and vacation time, and great health insurance!
